	2. Roll call						
	Special Presentations & Announcements:     a. Fire Safe Council presentation by Dale Nova (15 minutes)     b. Presentation of Proclamations for Eagle Scout Recipients – Mayor Stearns						
	4. City Council Interviews of Board/Commission /Commissioner Candidates: None						
	5. Public Comment:						
	Welcome to our City Council meeting. The Council invites the public to address the Council on matters on the Consent Agenda and matters not listed on the agenda that are within the Council's subject matter jurisdiction. If the Public wishes to comment on matters that are on the agenda, the Council will request comment when the matter is heard. The Council reserves the right to limit public comment on matters that are outside its subject matter jurisdiction.						
	The City Council may regulate the total amount of time on particular issues and for speakers (typically 3 minutes). The Council may place additional time limits on comments, to ensure members of the public have an opportunity to speak and the Council is able to complete its business. A group may be asked to choose a spokesperson to address the Council on a subject matter, or the Council may limit the number of persons addressing the Council whenever a group of persons wishes to address the council on the same subject matter. Speakers may not cede their time to another.						
	The Mayor manages the City Council meeting with a commitment to effective engagement while maintaining a positive, respectful decorum. The Mayor will typically start the Public Comment period sharing the following reminders relating decorum and Brown Act compliance efforts:  This is the time for the public to address the Council on matters on the Consent Agenda or matters NOT on the Council Agenda. This will be a comment period only. If the public wishes a response they may provide their contact information to the Deputy City Clerk.  The Mayor will recognize each speaker in an orderly fashion. Most often, the Mayor will call the speakers whom have signed in first and shall then call for those who would like to address the Council but whom did not sign in by inviting them to come to the front of the room and wait to be recognized to speak. Once the speaker is recognized, the speaker will address the Council only and shall provide comment from the public microphone. Public Comment will typically not be taken from any person shouting from the audience.  No heckling or shouting from the audience at a speaker shall be permitted.  The City Council may ask "clarifying" questions only. Due to equity and Brown Act concerns, the Council will avoid engaging in dialogue or debate.  If there is an item of great community significance/interest and is within the Council's subject matter jurisdiction, the Council may request the item be agendized for further consideration at a subsequent Council meeting.

# Mt. Shasta City Council Regular City Council DRAFT Meeting Minutes

Mt. Shasta Community Center, 629 Alder Street Monday, October 27, 2014; 5:30 p.m.

"Our mission is to maintain the character of our "small town" community while striking an appropriate balance between economic development and preservation of our quality of life. We help create a dynamic and vital City by providing quality, cost-effective municipal services and by forming partnerships with residents and organizations in the constant pursuit of excellence."

Page	Item	STANDING AGENDA ITEMS
	1.	Call to Order and Flag Salute
		At the hour of 5:38 p.m., Mayor Stearns called the meeting to order and led the audience in the Pledge of Allegiance.
	2.	Roll call
		Councilmembers Present: Burns, Collings, Moore, Mayor Pro-Tem Harkness, Mayor Stearns Councilmembers Absent: None
	3.	Special Presentations & Announcements:  a. High Tech Sector Brainstorming Update – Paul Eckert, City Manager
		City Manager Eckert reviewed the minutes from the brainstorming session with the High Tech Group. He provided background as to conducting the meeting and the participants. Eckert summarized the various discussions of the group which included questions like why are you here in Mt Shasta? What do you think would attract others to Mt Shasta? What are the challenges of living/working in Mt Shasta? There was further discussion regarding what attributes people desire and what the focus should be, the concept of building a tech center, needed infrastructure, the use of social media and the educational opportunities. Eckert indicated the next step the group decided on would be dedicated to developing an overall strategy.
		Mayor Pro-Tem Harkness stated he looks forward to continuing this effort and expanding the collaboration to include the Young Professional Group and the schools. Mayor Stearns indicated there were some great ideas that came out of the meeting.
	4.	City Council Interviews of Board/Commission /Commissioner Candidates: None
	5.	Public Comment:
		<ul> <li>Roslyn McCoy: Ms. McCoy spoke to the letter the City mailed regarding the possible contamination of the City's drinking water. She indicated the letter referenced not meeting the water standard for two months. She further commented regarding her concern that this information was not shared with the emergency room and they had no knowledge of it when she went to the ER with stomach cramping. Ms. McCoy requested further information regarding the testing and would like the information posted on the City webpage in a</li> </ul>

- timely manner so residents can take the necessary precautions. Mayor Stearns indicated a staff member will provide a response if she requests it.
- Raven Stevens: Ms. Stevens spoke to her concerns regarding Crystal Geyser
  not being included on the map attached to the NOP and no listing about the
  plant operations, project objectives, and the wording which sounds like Crystal
  Geyser will not be included in the full EIR.
- Bruce Hillman: Mr. Hillman stated the NOP leaves out what they were
  promised about the possible environmental impact of the operation of the plant
  that may affect the aquifer, pollution, traffic, noise and aesthetics. He indicated
  these items need to be put in the NOP in order to make comments for the draft
  EIR. He reiterated it is essential the NOP be revised to include an adequate
  and complete project description, whereby comment can be accurately made.

Mayor Stearns asked City Planner Potts to briefly make a response. She indicated the NOP was prepared consistent with CEQA guidelines. Planner Potts further indicated the NOP is to give a brief summary of the primary project, in this case the primary project is the replacement of the interceptor line. Should Crystal Geyser connect, the EIR would include those potential off-site changes to the environment. She reviewed the timeline for the NOP.

- Dale LaForest: Mr. LaForest stated the NOP is defective and as a result casts a bad light on the Council whom promised a full EIR. He stated his concern with the City hiring an expensive engineering firm from outside the local area and stated his concerns regarding the expertise of the subcontractors, North State Resources. Mr. LaForest indicated that the City, without providing a clear project description now and not waiting for the scoping meeting to "flush" it out, would be depriving the people and other agencies of the minimum of 30 days to review it and provide written comment. He remains concerned that the Crystal Geyser bottling plant does not appear to be fully included in the project description and gives the appearance that a "full" EIR will not be completed. Mr. LaForest requested that the NOP be re-drafted and the scoping meeting rescheduled so the public can be advised as to what the true nature of the NOP is.
- Melinda Willey: Ms. Willey indicated the title on the NOP is not transparent of what the expanded full EIR is supposed to be and comes across as misleading. She indicated her concern that the language is misleading because it does not reflect the full and expanded EIR inclusive of the Crystal Geyser bottling plant and operations. Ms. Willey further voiced her concern over the public's ability to properly comment on the NOP. She inquired as to Planner Pott's comment "should" Crystal Geyser hook-up to the City and requested a written response.

Mayor Stearns responded to the public comment regarding the NOP. He indicated that through the hundreds of public comments and many meetings, the public should be adequately informed of what the Council is doing. He welcomed the public comments on the NOP and encouraged the public to attend the scoping meeting on November 12<sup>th</sup>, 2014.

City Manager Eckert read a portion of the NOP on page 7, which contains language including the Crystal Geyser bottling facilities and its physical structures.

6. Meeting Recess (As Necessary)

Council break was not taken.

8. Resolution CCR-14-58 RE: Accepting the Independent Audit Report for Fiscal Year 2013-2014.

<u>Background:</u> The City's Independent Auditor, Aiello, Goodrich and Teuscher, has completed the audit of the financial statements for the 2013-2014 fiscal year, and a representative from that firm is here to present the audit report.

Report By: Muriel Howarth-Terrell, Finance Director

Council Action: Adoption of Resolution CCR-14-58

Finance Director Howarth-Terrell, reviewed her written report with the Council and thanked the auditor for their hard work and efforts. She indicated to the Council the City had received a "clean" audit. Finance Director Howarth-Terrell introduced Tessa Montgomery of Aiello, Goodrich and Teuscher to provide an overview of the audit report and to assist in answering questions. She reiterated the City received an "unqualified" or "clean" audit, meaning there were no findings. Ms. Montgomery indicated as part of the audit process, they look at areas that could be strengthened; those items have been included on the Management Letter, which contained two noted areas for internal control. City Manager Eckert advised the Council the Public Works staff have already undertaken measures to address inventory control at the City Yard. Ms. Montgomery reviewed the financials with Council, including long-term debts. She recommended in the future the City consider including the management discussion and analysis as part of the audit.

Council thanked Ms. Montgomery for calling in advance seeking questions and providing additional explanation prior to the meeting. Councilman Collings commented on the audit and the ongoing responsibilities the Council has with the "bigger picture". Mayor Pro-Tem Harkness made an inquiry with respect to the other employment and post-employment benefits and the City's future obligations. Finance Director Howarth-Terrell spoke to the retired employees and the cost of those benefits to the City and employee. She requested time to further research the matter and will bring her findings back to the Council at a future meeting.

<u>Background:</u> The Arts Council Executive Director requested the City of Mt. Shasta make a donation to help maintain the local programs currently being provided.

Report By: Muriel Howarth-Terrell, Finance Director

Council Action: Adoption of Resolution CCR-14-59

Finance Director Howarth-Terrell reviewed her submitted report and recommendation with the Council. City Manager Eckert commented on the recommendation to the Council, including the conclusion to use other funds rather than the use of General Funds and the future development of criteria and policy for Council to consider in advance of a meeting. He cautioned the use of the General Funds.

Councilmember Moore commented on the benefits the Siskiyou Arts Council has brought to the City and recognized their hard work and efforts of engaging the community. He indicated he would support a motion to meet the requested amount of \$2,000. Mayor Stearns inquired as to the staff recommendation of \$1,000 when the Siskiyou Arts Council requested \$2,000. City Manager Eckert responded the General Fund has a limited amount of resources and in assessing the continuity and confidence to fund this amount and other possible requests staff made the recommendation before the Council. Mayor Pro-Tem Harkness indicated his support for the Arts Council, however supports the staff recommendation at this time. Discussions were held regarding the funding of other non-profit organizations and a future process for budgetary planning.

**MOTION** to approve Resolution CCR-14-59 RE: Approving a Budget Adjustment to the Fiscal Year 2014-2015 Operating Budget, as amended to \$2,000; whereby allocating an amount of \$1,000 from the General Fund and an amount of \$1,000 from the Community Enhancement Fund, by title only.

5 – Ayes (Burns/Collings/Moore/ Mayor Pro-Tem Harkness/Mayor Stearns)

#### 11. Emergency Response Plan Overview

<u>Background:</u> The Chief of Police will provide the Council with an overview of the City's Emergency Response Plan and training components.

Report By: Parish Cross, Police Chief

Council Action: Informational Presentation, No Action Required

Police Chief Cross provided the Council with an overview of the City's Emergency Response Plan. He gave background and history on the establishment and development of the Plan. Police Chief Cross reviewed the various components of the Emergency Management System, including the overlay of Federal and State obligations, City organization and plan, along with City training components. He commented on the requirement of having an adopted Plan for the purposes of the engagement of outside services and for governmental reimbursement. Police Chief described briefly the City's Operations Center/Incident Command and organization of staff and equipment. He reviewed the preparedness plan for individuals with pets. Police Chief briefly described the roles and responsibilities of staff and Council. City Manager further described Council's role in an emergency response.

Council inquired regarding the types of response levels and lessons learned in light of the Boles Fire. Fire Chief Melo responded one issue that came up was there was not enough resources in the immediate area that day, with the largest issue being the wind. He further commented on the level of response that he would ordered in this

type of event. Councilmember Moore thanked staff for their work and report. Mayor Stearns asked about phone systems and the ability to communicate when phones and cell phones are not operating. Police Chief responded the use of radios would come into play as well as the use of texting. Further discussion was held regarding the evacuation of the elderly and ill, the covering of posts when staff is out of the office during an event and who is in charge at any given time, including steps going forward for the purposes of planning, training, activating the command system for other events outside of emergency situations and continuity of Government and communication through the use of portable cellular towers.

Mayor Stearns opened this agenda item to receive Public Comment.

- Melinda Willey: Ms. Willey commented on her concerns that as a result of the Boles Fire and the power outage, she lost cell phone service, phone service and could not get a radio connection. As a result, she had no way of knowing what was happening. Ms. Willey inquired about a siren to notice residents of the danger. Chief Cross responded there is the CODERED notification as well as staff/officers going door to door. There is no "siren". Chief Melo responded to Ms. Willey's inquiry as to evacuation routes. City Manager indicated more information will be included on the new webpage.
- Raven Stevens: Ms. Stevens inquired if there was a radio station providing information to residents as to the updates on the situation. Police Chief Cross responded this is the role of the Public Information Officer. Ms. Stevens further inquired as to the situation of the pets during evacuation and shelter and offered her assistance in the future. Chief Cross reiterated the Humane Society will be responsible for the initiation of a plan for pets as well as the pet owners responsibility of have a plan to evacuate their pets.

Council engaged in a brief discussion regarding pet evacuation preparedness and the development of a community group willing to assist with this effort.

- <u>Lilly Coltanue</u>: Inquired as to the number of copies of the Plan and where they are located and if there is a section on volcanic eruption. Police Chief Cross responded there were at least 7 copies housed within City Hall and both the Police and Fire Departments and indicted the Plan does have a section regarding volcanic eruption. Mayor commented that some of the Plan could be placed on the City's webpage.
- Roslyn McCoy: Ms. McCoy suggested the water contamination could be placed into the Plan which may allow for a more timely response for emergency personnel and alerting those individuals who are medically fragile.

Mayor Stearns closed Public Comment on this agenda item.

12. Discussion Relating to the Potential Creation of a New Water Conservation Group.

<u>Background:</u> Council will discuss the potential for a resident water conservation group.

Report By: Paul Eckert, City Manager

Council Action: For Discussion

City Manager Eckert indicated the suggestions of a resident water conservation group was brought to the Council and that City staff have researched the concept and provided three options for the Council to consider. The three options include the formation of a group of residents and business owners with the participation of a staff and Council representative, without the formality of appointment by City Council. The second option would be the formation of a formal committee appointed by the Council and three would be evaluating existing groups who work within that role already. City Manager Eckert reiterated this not an action item but rather a discussion item to provide further direction to staff. A brief discussion was held regarding the formation of an ADHOC committee rather than a standing committee.

Mayor Stearns opened this agenda item for Public Comment.

• John Dell Arica Sr.: Indicated he provides radio programming each Thursday evening on the Siskiyou County amateur radio. He suggested we run an exercise to test the communications with respect to emergency disaster situation and offers his services with the radio group.

Mayor Stearns closed this agenda item for Public Comment and brought it back to Council for further discussion.

Councilmember Moore suggested taking a closer look into option three and for those interested to contact the City. Council discussed option three and inquired with staff as to their perspective. Mayor Pro-Tem commented there are several groups already formed and addressing the issue of water conservation and further indicated the City is already taking measures towards this end. He encouraged Mr. Blackwell to move forward with his efforts as a citizen group with an affiliation to an IRWM representative.

**CONSENSUS** of the Council to direct staff to go with option three.

#### CITY COUNCIL/STAFF REPORTING PERIOD

13. Council Reports on Attendance at Appointed/Outside Meetings

Councilmember Moore reported on his attendance to the CEDAC meeting and the business walk-back which occurred last week.

Mayor Pro-Tem Harkness reported on his attendance to the CEDAC meeting, including the business walk-back, his participation at the Library Tax Advisory Committee and the Water Talks Presentation. He reported on participating at the Shasta Angel Investor Group and met with the Sue Densmore regarding the Rural Development Initiatives.

#### 14. Council and Staff Comments

City Manager Eckert shared the consultants timeline as it relates to the CEQA process along with a summary of the next steps. Copies were provided for the public and will be added with the packet for future reference.

Police Chief Cross reported on a program the Department is developing called "Guns for Guitars". The programs will serve as community resource to the public and will kick off sometime in December.

Mayor Pro-Tem Harkness commented Crystal Geyser recently granted easement access of their property for the Mid-Town trail to Spring Hill Trailhead and the Spring Hill Trailhead to the Gateway Trailhead and will also help to connect the City north of Spring Hill to the rest of the City without the use of Spring Hill Drive and Mt Shasta Blvd. While the agreement still needs to be finalized, this would be a huge connection and access for non-motorized vehicles.

• Melinda Willey: Ms. Willey inquired about the timeline for the CEQA process and stated she had attended a Chamber meeting where Crystal Geyser indicated they would possibly be opening in March 2015, can they open before the EIR is complete, as at a previous meeting Councilmember Collings stated they could not and this was publicized in the newspaper. Mayor Stearns provided recent information by Crystal Geyser that they will start the hiring process in the summer with the idea to open sometime after that.

Councilmember Moore stated it would be helpful for the public to review the Brown Act for appropriate procedure and decorum at meetings.

# 15. Future Agenda Items (Appearing on the agenda within 60 days):

- Review of Ordinance #275 with the intent to add language allowing the inclusion of downtown property owners to be eligible to sit on the DEAC – 11/2014 (Waiting for legal review)

# Mt. Shasta City Council Regular City Council DRAFT Meeting Minutes

Mt. Shasta Community Center, 629 Alder Street Monday, November 10, 2014, 5:30 p.m.

"Our mission is to maintain the character of our "small town" community while striking an appropriate balance between economic development and preservation of our quality of life. We help create a dynamic and vital City by providing quality, cost-effective municipal services and by forming partnerships with residents and organizations in the constant pursuit of excellence."

	Call to Order and Flag Salute
	At the hour of 5:33 p.m., Mayor Stearns called the meeting to order and led the audience in the Pledge of Allegiance.
:	2. Roll call
	Councilmembers Present: Collings, Moore, Mayor Pro-Tem Harkness, Mayor Stearns
	Councilmembers Absent: Burns
	Special Presentations & Announcements:
	<ul> <li>a. Manufacturing/Business Career Pathway – Bright Nichols-Stock and Thad Wallace</li> </ul>
	The Manufacturing/Business Career Pathway is a grant-funded, four-year program that gives students hands-on welding and drafting experience at all levels of metals, plastic, and wood manufacturing. Junior/Senior Capstone, a program in which a student acquires the necessary skills and creates a project in their junior and senior year, is available to students in the manufacturing program.
	The College of the Siskiyous (COS) and Oregon Institute of Technology (OIT) both offer Pathway programs. It is the future goal of the program to become integrated into core and elective classes.
	The Pathway program provides students with valuable entrepreneurial skills and the ability to stay in Siskiyou County to become part of its economic growth.
	Ms. Nichols-Stock and Mr. Wallace expressed their appreciation for being given the opportunity to make their presentation, and would be grateful for a letter of support from City Council.
	Councilmembers expressed support of the efforts of the Manufacturing/ Business Career Pathway program and its goal of economic development within our community.
,	City Manager Paul Eckert indicated that a letter of support from the City of Mt. Shasta would be forthcoming.

Council Action: Motion carried on a voice vote as follows: 4 – Ayes (Councilmembers Collings, Moore, Mayor Pro-Tem Harkness, Mayor Stearns) 1 – Absent (Council member Burns)							
 8. Public Hearing RE: Brownfields							
<u>Background:</u> Updated information regarding the status of the Brownfield Assessment and Cleanup Project.							
Report by: Muriel Howarth-Terrell, Finance Director							
Council Action: Informational only.							

	Tonya Dowse and Robert Coox from the Siskiyou County Economic Development Council reported on the ongoing efforts for the Brownfield Assessment Grant, which entails: toxic cleanup, public awareness, signage, website maintenance (TheLandingMtShasta.com), critical timeframes, multi-purpose grants, and expenses to the City.
_	PUBLIC COMMENT:
	<ul> <li>Michael Williams: Roseburg property is a key piece to the trail system, cycle track, and connector on the north end toward Ream Avenue crossing Union Pacific property. The Alternative Transportation Advisory Committee (ATAC) would like to see this included in the plan for The Landing.</li> </ul>
9.	Update of the Transient Action Response Plan
	<u>Background:</u> Police Chief will provide provide Council with an update of this year's Initiatives and New Program.
	Report By: Parish Cross, Chief of Police
	Council Action: Informational only
	Chief Parish Cross updated Council on the Transient Action Program (TAP).
	<ul> <li>"The Law and You" project attempted to educate business owners and citizens on their personal and private property rights.</li> <li>Budget will allow hiring more officers to walk foot patrol, a great proactive resource to enforce zero tolerance for camping or loitering.</li> <li>Department will reinstitute a reserve officer position, which will result in no additional costs to the City. Reserve officers typically do not receive compensation.</li> <li>Department is working on possible ordinances to discourage loitering.</li> </ul>
	<ul> <li>Department is also forming an Explorer Post, envisioned as a Public Safety Explorer Post, which will include not only police, but fire and medical units.</li> <li>No significant increase in crime rate was noted as a result of the seasonal transient population.</li> <li>Parker Plaza is private property and, as such, under the jurisdiction of its owner. The Department will continue to work with Mountain Runners to keep them apprised of the activities in and around the Plaza.</li> </ul>
	CITY COUNCIL/STAFF REPORTING PERIOD
10	O. Council Reports on Attendance at Appointed/Outside Meetings
	Councilmember Harkness reported that he attended a recent Young Professionals meeting, and is working with Sue Densmore from the Rural Development Institute to move forward in the development and implementation of the Metro Program.
	Mayor Stearns reported that he attended, by telephone conference, the final meeting of the initial study to install plug-in charging stations for electric vehicles along approximately 175 miles of the I-5 freeway in Siskiyou, Shasta, and Tehama Counties. In that meeting, the Committee adopted a resolution supporting the next

funding request for the installation of these charging stations. There are 99 potential sites that will result in nine stations—three sites in each of the three counties. Two potential sites have been identified in Mt. Shasta—Tri-Counties parking lot on Chestnut and the City-owned lot on Lake Street across from the fire station.

Mayor Stearns pointed out that The City of Mt. Shasta's General Plan does not provide for siting or usage of these charging stations. Redding's General Plan is the only one in the three counties that has a provision for electric vehicle charging. Perhaps a review of their document would be helpful in updating the City of Mt. Shasta's General Plan.

#### 11. Council and Staff Comments

City Manager Eckert reported that Winter Magic will be held the day after Thanksgiving, November 28, 2014, and will have activities on the 200, 300, and 400 blocks of the boulevard, such as youth activities, food booths, fire pits, and a Reindeer Run For Fun at 10:00 a.m.

The City appreciates the donation by Emily Derby and the Hearst Foundation, and transportation by Brian Heile, of this year's Christmas tree now erected in the City Plaza. Letters of appreciation will be forthcoming.

The Fire Department had a successful training burn on E. Castle Street. The developer will have the site cleaned up this week. The preliminary plans for the new structures have been reviewed and are anticipated to be a nice addition to the community.

The Housing Element has been approved at the state level. Congratulations to Tuliyani Potts and the Planning Commission for their hard work and diligence.

In addition to their daily duties, Public Works crews are doing an excellent job in preparing for winter—equipment readiness, cleaning storm drains, checking inventories, etc.

City Manager Eckert formally announced the City received grant funding of \$4.5 million for two water projects. This grant, unlike most grants that require local fund-matching, was 100-percent funded. We wish to thank, in particular, Mayor Pro-Tem Harkness for his efforts and the Integrated Regional Water Management Plan (IRWMP) Committee who supported our efforts. The funds will be used to replace water lines and new water meters.

As a reminder, next Council meeting there is Council selection of Mayor and Mayor Pro-Tem.

There will be a workshop on November 12, 2014 on the Notice of Preparation (NOP), Draft Environmental Report, of the Mt. Shasta Sewer Line Improvement Project. The workshop will be presented by North State Resources.

Only two councilmembers will be present, Harkness and Collings, as the presence of more than two members of Council would violate The Brown Act. The workshop

will most likely not be televised.

It was agreed that updated information received on the NOP for the November 12, 2014 workshop will be posted on the City of Mt. Shasta's website and emailed to the Mt. Shasta Herald no later than the morning of November 11, 2014.

Mayor Stearns reported Friday, November 14, 2014, will be a National Day of Action to join together and tell the Postmaster General and the Post Office Board of Governors to keep the mail processing plant open in Redding. Those wishing to participate may distribute flyers at your local post office, attend the Save Redding Mail Processing Rally or Town Hall Meeting on Friday, and speak with others about the delays that would occur by processing our mail in Sacramento.

Calls may also be made to Senator Barbara Boxer, Diane Feinstein, and Doug La Malfa at their local offices, asking for their support to keep the Redding plant open.

#### 12. Future Agenda Items (Appearing on the agenda within 60 days):

- a. Review of Ordinance #275 with the intent to add language allowing the inclusion of downtown property owners to be eligible to sit on the DEAC 12/2014 (Waiting for legal review)
- b. Recycling Enhancements 11/2014 (Waiting for Rotary Interact Club to install new containers)
- c. Fire Department Sleeper Program Update 1/2015
- d. Possible RV Park Development at "The Landing Commerce Park" 12/2014
- e. LED Light System Update 12/2014
- f. Discuss potential Connection Fee Moratorium to Housing and Multi-Housing Units 11/2014

Councilmember Moore suggested that we possibly sell the Eastern portion of The Landing. He would like to have this included on the list of future agenda items for council discussion.

Councilmember Moore requested the City Manager provide an overview of the City Council election process to be included in future agenda items.

#### 13. Closed Session:

a. Conference Involving SCORE Claim (Gov. Code 54956.95) Claimant: Erickson

Agency Representative: Finance Director

At the hour of 7:13p.m., Mayor Stearns adjourned the Meeting to Closed Session.

Mayor Stearns reconvened the meeting to Open Session at the hour of 7:23 p.m.

(Report on Closed Session Item to Follow After Council Reconvenes)				
 14. Adjourn				
There being no further business before the City Council, the meeting was adjourned at the hour of 7:24 p.m.

### City Council Agenda Item # 7(d)

Meeting Date:

November 24, 2014

To:

Mayor and City Council

From:

Muriel Terrell, Director of Finance

Subject:

Monthly Investment and Financial Report for the

Period Ending October 31, 2014

X	Regular Session	
	Special Session	
	Emergency Session	_
	Closed Session	

#### Recommendation:

Staff respectfully requests the City Council receive and review the monthly Investment and Financial Report.

#### Background & Summary:

As of October 31, 2014 the combined funds the City of Mt. Shasta had invested in the Local Agency Investment Fund (L.A.I.F.) totaled \$2,000,922.63. The October LAIF statement is attached along with the performance data for the month of October. Most surplus City funds over which the City has control are currently invested in LAIF. The balance of the City's cash funds are held in the pooled checking account with Tri Counties Bank and the CDBG Revolving Loan Fund CD's held at Scott Valley Bank and with ProEquities.

#### Current investment rates are:

L.A.I.F.	October 31, 2014	0.261%
CD's -1 Year	National Avg.	0.240%
Treasury Note – 1 Yr.	October 31, 2014	0.135%
Treasury Note – 2 Yr.	October 31, 2014	0.490%
Treasury Note - 5 Yr.	October 31, 2014	1.61%
Treasury Note – 10 Yr.	October 31, 2014	2.34%
Treasury Note – 30 Yr.	October 31, 2014	3.07%

#### Bloomberg as reported by Chandler Asset Management

The LAIF average rate increased slightly last month, other rates had results with all ranges decreasing slightly resulting in a slight increase to the yield curves. We continue to anticipate the LAIF rate staying in a narrow range around .24%. The LAIF yield is lower than the 2 Yr. Note. Although Bank CD's are offering better returns, liquidity remains an issue; the 5 Yr.Note is too long term for the City's needs. The LAIF rate remains the best available rate that meets the City's requirements for liquidity and safety. These

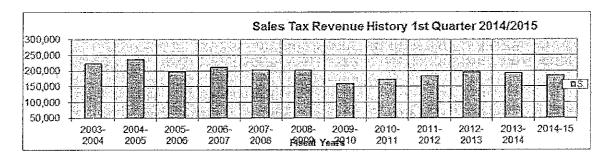

investments are in compliance with the City's investment policy and provide for meeting the City's cash flow needs for the next 1 month and 6 month periods.

#### Local Rates:

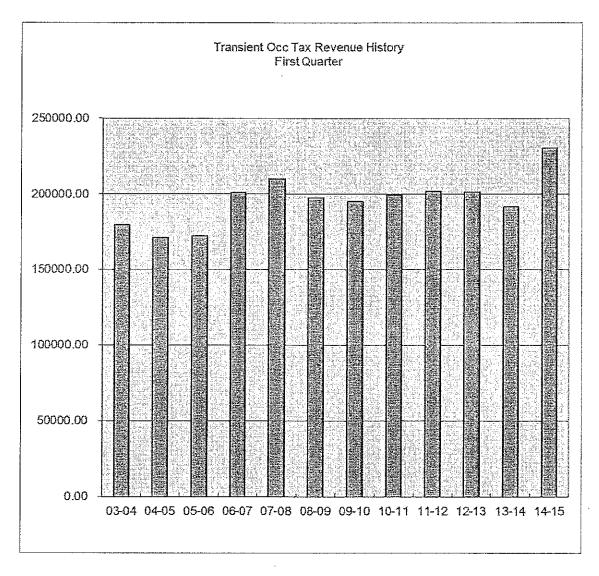

Tri Counties Bank October 2014 CD 1year 0.20% Scott Valley Bank October 2014 CD 1year 0.25%

Revenues:

Property Tax Revenue: The collection of property tax revenue in this fiscal year is not expected to be received until December.

Sales Tax Revenue: The sales tax revenue total through the 1st quarter of 2014/15 was \$191,674 which is \$7,500 less than the total collections through same quarter last year. The chart above illustrates the trend of sales tax revenue for the 1st quarter in the last few years.

Transient Occupancy Tax: The collection of the 1st quarter TOT has been collected as of the end of September 2014. The results were \$38,900 more than the same quarter in the previous year. This amount is more than collected in any 1<sup>st</sup> quarter in the Cities history.

### Market Summary

Domestic economic data continued to be mostly favorable in October, but the employment report was somewhat mixed. Nonfarm payrolls rose by 214,000 in October, below the consensus forecast of 240,000. However, the unemployment rate declined to 5.8% from 5.9%. The labor participation rate and wage growth both ticked up slightly. Overall, the employment report was a bit softer than expected, but the labor market continues to improve. Meanwhile, the manufacturing sector continues to show strength. Consumer spending also remains healthy, and we believe ongoing job growth and a recent decline in gas prices should bode well for the holiday shopping season. The housing sector remains volatile and continues to lag behind other sectors of the economy.

In October, the Federal Open Market Committee (FOMC) left policy rates unchanged and announced the end of quantitative easing. The FOMC retained the "considerable time" language in its policy statement relating to the timing of an increase in policy rates and (even with the completion of quantitative easing) monetary policy remains highly accommodative. However, the tone of the Fed's October policy statement was incrementally more hawkish than its previous statement in September. The Fed noted that the economy is expanding at a moderate pace, labor market conditions have improved, and the likelihood of inflation running persistently below target has diminished. The Committee continues to emphasize its policy actions will be data dependent, leaving the timing of future rate hikes uncertain. The next FOMC meeting is scheduled for December 16-17.

The yield on the two-year Treasury note declined in October, reversing its increase in September. Domestic economic data remained fairly strong in October, but concerns about a slowdown in global economic growth (particularly in Europe) were elevated in the month. Geopolitical tensions and fears of an Ebola outbreak also caused volatility in the financial markets during the month.

During the past month, the yield curve shifted lower. Mixed global economic data and geopolitical tensions caused increased volatility in the financial markets. These concerns also kept downward pressure on longer yields, even as the Ped completed its program of quantitative easing.

### **Economic Roundup**

#### **Consumer Prices**

In September, overall CPI inflation was unchanged at 1.7% on a year-over-year basis. The year-over-year Core CPI (CPI less food and energy) was also unchanged at 1.7% in September.

### Retail Sales

In September, Retail Sales rose 4.3% on a year-over-year basis versus a gain of 5.0% in August. On a month-over-month basis, Retail Sales declined 0.3% in September, which was weaker versus the expectation of a 0.1% decline. Auto and gasoline sales were a drag on the September figure. Overall, consumer spending appears healthy but not robust.

### Labor Market

The October employment report was mixed. Nonfarm payrolls rose by 214,000 in the month, below the consensus forecast of 240,000. However, the unemployment rate declined to 5.8% from 5.9%. The net revisions in nonfarm payrolls for September and August were +31,000 (with gains of 256,000 and 203,000 in September and August, respectively). Private payrolls rose by 209,000 in October while government jobs rose by 5,000. The labor participation rate remains low but ticked back up to 62.8% from 62.7%. Meanwhile, wage growth also edged up 0.1% in October after being flat in September. Overall, the employment report was a little softer than expected but the labor market continues to improve.

### **Housing Starts**

Housing data remains volatile. Single-family housing starts rose 1.1% in September after declining 2.0% in August. Multifamily starts rose 16.7% in September after falling 28.7% in August.

# Credit and MBS Option Adjusted Spreads in Tightening Cycles

Market volatility is poised to increase as the low interest rate environment of the past several years comes to a conclusion. One of the largest concerns for both institutional and retail investors looking forward into fiscal 2015 and beyond is the timing, speed, and overall change in the Fed Funds rate. Multiple factors, both domestic and international, are clouding investors' ability to predict both the start date of the tightening cycle, as well as the overall magnitude of the change in the Fed Funds rate once the process commences.

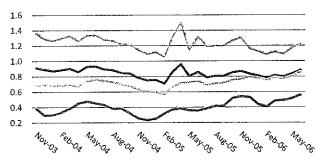

One of the largest domestic concerns is the inability of the highly stimulative monetary policy currently in place to drive inflation up to the Federal Reserve's (Fed) 2.0% target. Based on the most recent quarterly forecast from the Fed released on September 17, the longer run forecast for PCE inflation (Personal Consumption Expenditures Index - the Fed's preferred inflation benchmark) is 2.0%; however the most recent annualized reading is only 1.4%. The global inflation outlook remains precarious as commodity prices have been moving lower and wage inflation is muted, compromising the Fed's objective of stable to higher prices. Additionally, monetary policy is becoming more desynchronized with the Fed looking to tighten policy while the Bank of Japan (BoJ) and the European Central Bank (ECB) continue to loosen policy. Investors need to consider the unintended consequences of a stronger dollar and its implications on the global competitiveness of US based corporations.

Based on the current trajectory of the domestic economy, the team at Chandler forecasts the Fed will begin to tighten monetary policy in the second half of 2015. In an effort to better understand the potential consequences to high quality fixed income portfolios during periods of monetary policy tightening, the team analyzed Option Adjusted Spreads (OAS) on the credit and MBS (Mortgage Backed Security) indices during the past three tightening cycles. We focused our analysis on the time period six months prior to the start of the tightening cycle through the end of the cycle, utilizing monthly data points on various index sub sectors.

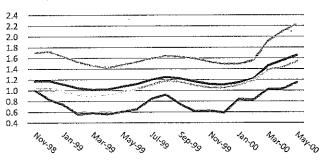

The tightening cycle ending in June 2006 was notable for its length of just over two years and the peak to trough change in rates of 4.25% (see Chandler Newsletter Article from March 2013: Monetary Policy: Treasury Yield Curves in a Tightening Cycle). The overall change in the aggregate US Credit index went from 93 bps (basis point, 01 of 1%) to 88 bps, a tightening of five bps during the period. The US credit 'A' cohort moved wider by 12 bps versus the US credit 'BBB' cohort tightening by 12 bps. The MBS portion widened by eight bps but was also more volatile than the other sectors with the OAS dropping down to 36 bps at the mid-point of the tightening cycle (see table on next page). The tightening

cycle ending in May of 2000 was relatively short with a trough to peak rate change of 1.75%. All sectors represented in the table experienced spread widening. Given the bursting of the technology stock bubble during this time frame, we believe, exogenous factors other than the monetary policy cycle contributed to the movement of OAS for the sectors. The tightening cycle ending in February 1995 was also relatively short with a trough to peak change in the Fed Funds rate of 3.0%. All credit sectors had stable performance with spread widening between four to seven bps. The MBS OAS experienced dramatic tightening during this time period, moving from 99 bps at the start of the tightening cycle to 44 bps at the conclusion of the

tightening cycle. Given the relative infancy of the MBS market in the early 1990s it appears the sector was trading at very attractive spreads versus the credit sector which contributed to the outperformance during this time period.

Based on the data presented credit sector spreads do not exhibit a widening bias prior to the start of the tightening cycles. In two of the three periods represented the broad credit sector experienced spread tightening in the six months leading up to the initial change in monetary policy, and in the one period where spreads widened in the period preceding the initial

tightening, the movement was only two bps wider. Historically, market participants have gravitated towards MBS during periods of stable interest rates and low interest rate volatility to account for the optionality and negative convexity of the asset class. It is difficult to ascertain definitive conclusions about the period preceding the initial tightening of monetary policy specific to MBS as the movements in each of the time periods are wider by 10 bps, tighter by 44 bps, and wider by four bps (ex. Tightening Cycle Ending June 2006, .49-.39= .10 or 10 bps). In the tightening cycles which ended in May of 2000 and February 1995 the pre-tightening MBS OAS of 101 bps and 95 bps, respectively, was attractive on a risk adjusted basis versus the Credit OAS valuation of 117 bps and 73 bps, respectively. The starting point valuation of any asset class matters, regardless of the direction of monetary policy, and in the latter two tightening cycles the MBS OAS was attractively valued.

The mid-date OAS change of the three tightening cycles represented in the graphs and tables is benign. In the two periods where spreads are wider the magnitude is small enough to allow the additional spread, compared to a like maturity Treasury note, to enhance the overall total return of the portfolio. The bias is for spreads to widen late in the tightening cycle. This makes intuitive sense as the Fed is trying to slowdown the economy by raising interest rates and a recessionary economic backdrop becomes more likely.

The Chandler team thinks the Fed will find it challenging to raise the Fed Funds rate much higher than 2.50% at equilibrium. The global macroeconomic backdrop is too weak for the Fed to be as aggressive as they were in the tightening periods ending in June 2006 and February 1995. The team also discounts using the cycle ending in May 2000 as a template for the upcoming cycle as the noise associated with the bursting of the technology bubble makes it difficult to isolate out the spread widening directly attributable to the change in monetary policy. Based on the three prior tightening cycles the data indicates patience is required in determining the appropriate timing to reduce exposure to the credit and MBS sectors to mitigate the risk of widening OAS. In our judgment, six months after the initial tightening of monetary policy is critical in determining if broad asset allocation shifts within fixed income portfolios are prudent.

Fixed income investments are subject to interest, credit, and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates.

To:

Mayor and City Council

From:

Muriel Terrell, Director of Finance

Subject:

2014-2015 1st Quarter Budget Report

Х	Regular Session
	Special Session
	Emergency Session
	Closed Session

### Recommendation:

We respectfully request council review and accept the 1st Quarter Budget Report for the 2014-2015 fiscal year.

### Background:

Each year the City staff performs a review of each quarter's budget. The 2014-2015 1<sup>st</sup> quarter indicates that the City's position is holding steady.

Attached are summary pages including fund balances for each fund at September 30, 2014 and the general fund financial summary including columns for year to date actual amounts, the original budget, and the percent of the budget earned or expended to September 30, 2014. The detailed 1st quarter financial statements used to compile the summaries have been distributed under separate cover.

In reviewing the detailed Revenue/Expenditure Reports it is useful to use the percent balance figures. At September 30th we are one quarter into the fiscal year so using 25% as a target amount gives you a good indication of where we stand for completing the fiscal year.

### General Fund

The actual receipts through September 30, 2014 are \$453,672 or 15.6% of the original budget. However, because TOT payments for the 1st quarter aren't received until October and secured taxes are not received until December general fund revenues are about where we expect them with sales tax being about the same as in the period last year.

On the expenditure side, total General Fund expenditures for the quarter total \$632,673 or 21.0% of the budget.

### **Enterprise and Special Revenue Funds**

In the balance of the City's Enterprise Funds and Special Revenue Funds, the 1st quarter variances are relatively minor. All the Enterprise Funds' actual revenues are between

25.6% and 26.6% of the budgeted revenue. Actual expenditures for three of the funds are between 22.8% and 39.2% of the budgeted expenditures. The only exception is in the drainage fund where the expenditures are at 5.6% of budgeted expenditures.

Resolution Approving Canvass of Election Results

### Recommendation:

The City staff respectfully requests that the City Council receive this staff report and adopt Resolution No. CCR-14-63, with Exhibit "A", Reciting the Facts of the General Election Held on Tuestday, November 4, 2014, and Accepting the Certified Canvass and Statement of Results of the Election from the Registrar of Voters. As the City Council is aware, our Agenda documents are completed approximately a week prior to the City Council meeting. At the time this report was being developed, the County Clerk had not completed the audit of final canvassing. City staff will provide the City Council and community official Canvass of the Election Results and an updated Agenda staff report and resolution prior to the City Council meeting.

### Background & Summary:

On May 12, 2014, Council adopted Resolution No. CCR-14-19 calling and giving notice of a General Municipal Election to be held on Tuesday, November 4, 2014 and requesting the Siskiyou County Board of Supervisors to consolidate this election with the State of California direct Statewide Final Election.

On November 4, 2014, voters went to the polls to cast their ballots to elect two (2) Mt. Shasta City Council Members to fill the vacancies resulting from the expiration of terms. There were three candidates who submitted Nomination Papers for the two vacancies on the City Council.

Consolidated Elections provide the County Elections Official 28 days to complete the canvass which falls on Monday, December 1, 2014. The Statement of Votes Cast, signed by the Registrar of Voters is provided as Exhibit "A" to the Resolution and will be provided to the City Council at the Regular City Council meeting on Monday, November 24, 2014.

The preliminary canvass reflects the votes as follows: (to be provided prior to the City Council meeting)

### Recommendation:

Staff respectfully requests the City Council adopt the Proposed Resolution authorizing the purchase of a used dump truck

### **Background & Summary:**

As presented and discussed in numerous previous budget sessions, staff is recommending the purchase of a used 2009 GMC 8500 dump truck. The City has been planning for this purchase for the last several years, and has been setting aside money in the Equipment Replacement Fund to do so. The replacement of this piece of equipment is also included in the adopted 2014/15 Fleet & Equipment Replacement Program.

The City mechanic went down to inspect the truck and has indicated it to be in good working order, with only a couple of minor issues to fix.

It is staff's recommendation that Council adopt the proposed Resolution authorizing the purchase from United Rentals in the amount of \$75,000.

### **RESOLUTION NO. CCR-14-64**

# A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MT. SHASTA AUTHORIZING THE PURCHASE OF A 10 YARD DUMP TRUCK FROM UNITED RENTALS IN AN AMOUNT NOT TO EXCEED \$75,000

WHEREAS, the City of Mt. Shasta City Council has adopted previous fiscal year budgets and the Fleet and Equipment Replacement Program with \$75,000 allocated for a replacement Dump Truck; and

WHEREAS, the purchase will replace a 1985 Ford that has been taken out of service; and

WHEREAS, the equipment will also enable the City of Mt. Shasta to maintain compliance with California Air Resources Board Fleet Regulation for Public Agencies which achieves reductions in diesel particulate matter emissions; and

WHEREAS, staff has received a quote from United Rentals for a used Model GMC 8500 for a reduced price of \$69,441; and

WHEREAS, staff has determined that the purchase of a used model provides the best deal for the City of Mt. Shasta; and

WHEREAS, the City Council of the City of Mt. Shasta makes the determination that the purchase of used demo model equipment is considered sole source and is in accordance with City of Mt. Shasta Municipal Code Chapter 3.50 Purchasing System.

# NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MT. SHASTA AS FOLLOWS:

- 1. The City Council of the City of Mt. Shasta hereby authorizes the purchase of a used GMC 8500 Class A Dump Truck from United Rentals in an amount not to exceed \$75,000.
- 2. The City Council of the City of Mt. Shasta hereby determines that the purchase is in accordance with City of Mt. Shasta Municipal Code Chapter 3.50 Purchasing System.
- 3. The City Council of the City of Mt. Shasta further appropriates \$75,000 from the Equipment Replacement Fund.

Public Safety (COPS) Program Appropriation

### Recommendation:

Staff requests the City Council adopt the attached resolution to conduct a public hearing for the purpose of taking comment regarding the Chief's recommendation to adopt Resolution CCR-14-65. Resolution stating City of Mt. Shasta appropriating \$100,000 of Citizen's Option for Public Safety Program allocations in the Supplemental Law Enforcement Services Fund for the 2014/2015 fiscal year.

### Background & Summary:

Staff respectfully recommends continuance of our program to supply patrol personnel with equipment needed to complete frontline patrol activities and in addition, as in the past, funding to be used to support the supplemental positions that were created in the 04/05 fiscal year.

We respectfully request The Mayor and Council appropriate \$100,000.00 funding as follows:

- 1. Supplemental Staffing 70%
- Equipment needs and continuation of vehicle rotation program 30%, plus any additional amounts that are to be paid due to interest or carry-over.

### Financial Impact:

Aside from staff time, the police department will not see any negative impact regarding the COPS funding.

### **RESOLUTION NO. CCR-14-65**

# A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MT. SHASTA APPROPRIATING \$100,000.00 OF CITIZENS' OPTION FOR PUBLIC SAFETY PROGRAM ALLOCATIONS IN THE SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND FOR THE 2014-2015 FISCAL YEAR

WHEREAS, the State of California has enacted legislation allocating to cities from the Supplemental Law Enforcement Services Funds a minimum of 100,000.00 plus an amount based upon population for the 2014-2015 fiscal year; and

WHEREAS, pursuant to said legislation, the Chief of Police has submitted a written request for the appropriation of these funds for the purposes of meeting the front line law enforcement needs of the City of Mt. Shasta; and,

WHEREAS, pursuant to said legislation, the City Council has held a public hearing on this date for the purpose of taking public comment on the consideration of the request of the Chief of Police; and,

WHEREAS, the City Council has determined that the Chief of Police's requests are appropriate for enhancing the front line law enforcement capabilities of the City of Mt. Shasta.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Mt. Shasta that an appropriation in the amount of One Hundred Thousand Dollars (\$100,000), is hereby made from the Citizens Option for Public Safety Fund (Supplemental Law Enforcement Services Fund) allocated as follows:

- 1. 70% to be utilized for enhanced staffing benefits, on-call dispatch, and staffing for community services. This amount to be transferred to the General Fund where those costs are to be recorded.
- 2. 30% plus any additional amounts that may be paid due to interest or carry-over, to be utilized for the acquisition of a new patrol vehicle, and/or police department safety and communications equipment.

BE IT FURTHER RESOLVED that the Chief of Police, with approval of the City Council, is authorized to make an adjustment of up to \$10,000 between these allocations, so long as the original intent of the overall allocation remains intact.
